

**FOR IMMEDIATE RELEASE:**

**Tradex Foods MSC Re-certified & RFM Global Trust Certified**

*Victoria, British Columbia - June 25, 2013* - Tradex Foods has undergone an onsite audit for Marine Stewardship Council Re-certification and new certification for Responsible Fisheries Management Global Trust.

Tradex Foods was commended by the auditor on our systems for managing chain of custody products and indicated they exceed the standard outlined.

**MSC Re-certification**

Tradex Foods is MSC Certified for Trading (buying/selling) and storage of MSC-certified Alaska flatfish, Alaska Pacific Cod, Alaska Pollock, Atlantic Cod, Haddock, BC Chum and Sockeye Salmon, Northern Prawn, Oregon Pink Shrimp, Pacific Halibut and Sablefish. The assessment was conducted by SCS Global Services (SCS) in accordance with the rules of the Marine Stewardship Council. Our products come from fisheries that have been independently certified to the MSC's MSC Standard: MSC Chain of Custody Standard V.3.0 - 15 August 2011.

**New RFM Global Trust Certification**

Tradex Foods has been evaluated by Global Trust Certification Ltd, in accordance to the requirements of ISO/IEC Guide 65. The process was found to meet the requirements of FAO Based Responsible Fisheries Management Chain of Custody Standard Issue 2.2 for Alaskan King/Chinkook Salmon, Sockeye/Red Salmon, Coho/Silver Salmon, Pink/Humpback Salmon, Keta/Chum Salmon by all gear types fished by the commercial fishery under the stat management of the Alaska Department of Fish and Game.
