

PREMIUM ALASKAN COD

SINBAD PLATINUM

Our premium - value-added house brand – processed in North America.

Sinbad Platinum products come from the finest raw material – with exceptional harvesting and processing standards – and our 100% net weight guarantee.

PRODUCT PROFILE

Our Alaskan Cod is wild caught and processed in Alaska with precision and care.

Each fillet is well trimmed – individually quick frozen and ready to cook.

Premium Alaskan Cod fillets are lean – thick – bright white – slightly firm – with a delicate texture and excellent flake.

The sweet yet mild flavour commands a starring role in most recipes.

Perfect for breading – battering – baking – sautéing – poaching or smoking.

Try it in dips – chowders – wraps – tacos – sliders – quesadillas – salads – fish cakes and fish and chips.

Adapts deliciously to many global flavour profiles.

WHY CHOOSE ALASKAN COD?

Premium Alaskan Cod is an excellent alternative to Halibut.

The flavour and texture of Pacific Cod is similar to Pacific Halibut but far more economical and consistent. In fact – some prefer the distinct sweetness that this delicious alternative delivers.

FEATURES & BENEFITS

premium quality processing	=	excellent taste & texture
consistent supply	=	product consistency reduces menu changes
once frozen	=	premium flesh texture
individually quick frozen	=	minimizes waste - use only what you need
well trimmed	=	100% yield
consistent sizing	=	consistent cost & portion control

QUALITY IS THE CORNERSTONE OF OUR BUSINESS

Our 7-Step Quality Control Process delivers comprehensive inspections at every stage of processing - on the production line.

Instead of performing a one-off inspection, our Quality Supervisors follow the entire chain of custody - from vessel to distribution.

Each stage is documented in an inspection report - complete with photographs. This process delivers full, transparent traceability for all our products.

Simply put - if product does not meet our stringent standards - it is rejected.

Unique to Industry - Essential to Quality
