

PREMIUM PACIFIC HALIBUT

SINBAD PLATINUM

Our premium - value-added house brand – processed in North America.

Sinbad Platinum products come from the finest raw material – with exceptional harvesting and processing standards – and our 100% net weight guarantee.

PRODUCT PROFILE

Our Pacific Halibut is wild caught and processed in North America with precision and care.

Each fletch is well trimmed – individually quick frozen and ready to cook.

Premium Pacific Halibut flesh is lean, snow white, thick, moist and slightly firm with a delicate texture and an excellent flaking quality.

Perfect for breading – battering – baking – sautéing – poaching or smoking.

Try it in – dips – chowders – wraps - tacos – sliders - quesadillas – salads – fish cakes – Po’ Boys and fish & chips.

Adapts deliciously to many global flavour profiles.

WHY CHOOSE HALIBUT?

The flavour and texture of Halibut is simply second to none - commanding “starring” roles in white linen dining environments.

Halibut is an essential offering in premium dining environments offering exquisite seafood options.

FEATURES & BENEFITS

premium quality processing	=	excellent taste & texture
consistent supply	=	product consistency reduces menu changes
once frozen	=	premium flesh texture
individually quick frozen	=	minimizes waste - use only what you need
well trimmed	=	100% yield
consistent sizing	=	consistent cost & portion control

QUALITY IS THE CORNERSTONE OF OUR BUSINESS

Our 7-Step Quality Control Process delivers comprehensive inspections at every stage of processing - on the production line.

Instead of performing a one-off inspection, our Quality Supervisors follow the entire chain of custody - from vessel to distribution.

Each stage is documented in an inspection report - complete with photographs. This process delivers full, transparent traceability for all our products.

Simply put - if product does not meet our stringent standards - it is rejected.

Unique to Industry - Essential to Quality
