

PREMIUM ATLANTIC SALMON

SINBAD PLATINUM

Our premium - value-added house brand – processed in North America.

Sinbad Platinum products come from the finest raw material – with exceptional harvesting and processing standards – and our 100% net weight guarantee.

PRODUCT PROFILE

Our Atlantic Salmon is farmed and processed with precision and care in Canada.

Each portion and fillet is well trimmed – individually vacuum packed or individually quick frozen and ready to cook.

Premium Atlantic Salmon has a milder flavor than its’ wild Pacific counterparts and offers a moderate to high oil content.

The light flavour of the Atlantic Salmon lends itself perfectly to saucing, dressing and further processing.

Perfect for Salmon cakes – phyllo bakes – burgers – sliders – lettuce wraps – pizza - chowders – creamy pastas – smoking – salads and dips.

Adapts deliciously to many global flavour profiles.

WHY CHOOSE ATLANTIC SALMON?

Atlantic Salmon is a farmed fish and therefore offers year-round availability with consistent size and quality gradings.

This mild flavoured species blends well into Salmon recipes without dominating the overall flavour of the dish.

FEATURES & BENEFITS

premium quality processing	=	excellent taste & texture
year-round supply	=	product consistency reduces menu changes
fresh	=	premium flesh texture
well trimmed	=	100% yield
consistent sizing	=	consistent cost & portion control

QUALITY IS THE CORNERSTONE OF OUR BUSINESS

Our 7-Step Quality Control Process delivers comprehensive inspections at every stage of processing - on the production line.

Instead of performing a one-off inspection, our Quality Supervisors follow the entire chain of custody - from vessel to distribution.

Each stage is documented in an inspection report - complete with photographs. This process delivers full, transparent traceability for all our products.

Simply put - if product does not meet our stringent standards - it is rejected.

Unique to Industry - Essential to Quality

PRODUCT SPECIFICATIONS
